"Now, if you can find the power switch, flip it on."

"THIS COMPUTER IS EQUIPPED WITH AN AIRBAG IN CASE YOU FALL ASLEEP!"

Ever notice, the older we get,
the more we're like computers ?

We start out with lots of
MEMORY and DRIVE
then we become outdated,
and eventually have to get
our parts replaced...;)

LIFE BEFORE THE COMPUTER

- * Memory was something that you lost with age
- * An application was for employment
- * A program was a TV show
- * A cursor used profanity
 - * A keyboard was a piano
 - * A web was a spider's home
 - * A virus was the flu
 - * A CD was a bank account
- * A hard drive was a long trip on the road
- * A mouse pad was where a mouse lived
- * And if you had a 3 1/2 inch floppy
....you just hoped nobody found out

It's going to take me a little longer
to answer my e-mails now....

Cool. I just sold the dog on EBAY.

Stupid computer
Keeps saying
"you got mail"

"There are better ways to log off."

O.k., and now you'll do exactly what I'm telling you !

**Home computers are the
perfect thing for women
who don't feel that**

**Men provide them with
enough frustration!!**
